Dear Mr. Young:

References:

- a. Your Freedom of Information Act (FOIA) request of March 29, 2001, for records concerning various dossiers.
- b. Our letter of April 20, 2001, informing you that additional time was needed to review the records and we were unable to comply the 20-day statutory time limit in processing your request.

We have conducted checks of the automated Defense Clearance and Investigations Index and a search of the Investigative Records Repository to determine the existence of Army intelligence investigative records responsive to your request. The records are enclosed for your use.

We have located the enclosed records pertaining to Alumni Association of the American Institute of Foreign Trade, ZF010830W. We have completed a mandatory declassification review in accordance with Executive Order (EO) 12958. As a result of our review, information has been sanitized from the records as it is currently and properly classified SECRET and CONFIDENTIAL according to Sections 1.3(a)(2), 1.3(a)(3) and 3.4(b)(1) of EO 12958. This information is exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552(b)(1). Fees for processing this request are waived. A brief explanation of the applicable sections follows:

Section 1.3(a)(2) of EO 12958 provides that information shall be classified SECRET if its unauthorized disclosure reasonably could be expected to cause serious damage to the national security.

Section 1.3(a)(3) of EO 12958 provides that information shall be classified CONFIDENTIAL if its unauthorized disclosure reasonably could be expected to cause damage to the national security.

Section 3.4(b)(1) of EO 12958 provides that classified information more than 25 years old is exempt from automatic declassification if it would reveal the identity of a confidential human source, or reveal information about the application of an intelligence source or method, or reveal the identity of a human intelligence source when the unauthorized disclosure of that source would clearly and demonstrably damage the national security interests of the United States.

Since the release of some of the information deleted from these records would result in an unwarranted invasion of the privacy rights of the individuals concerned, this information is exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(6).

In addition, information has been sanitized from the records as the release of the information would reveal sensitive intelligence methods. This information is exempt from public disclosure pursuant to Title 5 U.S. Code 552 (b)(7)(E) of the FOIA. The significant and legitimate governmental purpose to be served by withholding is that a viable and effective intelligence investigative capability is dependent upon protection of sensitive investigative methodologies.

The withholding of information by this office is a partial denial of your request. This denial is made on behalf of Brigadier General Keith B. Alexander, the Commanding General, U.S. Army Intelligence and Security Command, who is the Initial Denial Authority for Army intelligence investigative and security records under the FOIA. You may appeal this decision to the Secretary of the Army. If you wish to file an appeal, you should forward it to this office. Your appeal must be postmarked no later than 60 calendar days from the date of this letter. After the 60 day period, the case may be considered closed; however, such closure does not preclude you filing litigation in the courts.

We are coordinating with another government agency concerning the releasability of their information contained in the records. We will inform you as to the releasability of the information upon completion of our coordination.

We are continuing to review records regarding other titles you have requested and will respond to you by separate correspondence when our review is complete.

If you have any questions concerning this action, feel free to contact Mrs. Reilly at (301) 677-4742. Please refer to case #738F-01.

Sincerely,

A handwritten signature in black ink that reads "Russell A. Nichols". The signature is written in a cursive style with a large, stylized 'R' and 'N'.

a. It is proposed that the quarterly meeting be scheduled for September 1966 in Berlin. Official purpose of the gathering will be the Berlin Industrial Fair, which will open on 16 September 1966 (see inclosure). Also planned will be sightseeing tours and social affairs, following the usual pattern of these meetings. All alumni presently in Europe will be invited to attend.

For the past two years, Lt Colonel [redacted] has organized similar meetings in Munich, London, Amsterdam, Brussels, Stuttgart, and Bad Homburg.

b. This activity by Lt Colonel [redacted] had been discussed with Lt Colonel [redacted] and Colonel [redacted]

c. It has been determined by Lt Colonel [redacted] that the potential exists, and would warrant further development. Continuity in the development of this project is presently in the person of [redacted]

Attendance at past events fluctuated from 20-40 persons. It is anticipated, however, that because of the Industrial Trade Fair, attendance in Berlin will be higher. Nominal membership/registration fees of the alumni have, in the past, covered a small portion of the mailing fees.

Memo To: Operations Officer

5 USC 552 (b) (6)

5 USC 552a (b) (1)

1. (c) Attached OP has been reviewed and the following comments are offered:

a. The plan has merit, in that the meetings and social gatherings ^{of the Alumni Association} afford opportunity for cultivating casual acquaintance with persons whose business activities probably include periodic and probable visits of

Trade representatives to

the Alumni Association would be somewhat difficult under conditions of a quarterly meeting attended by 20-40 or more members: particularly since and must spread their time and attentions to all present.

5 USC 552a (b) (1)

b. Personnel listed on inclosure to Ops Plan reside in most Western Countries, including West Germany; but not one is listed as resident of Berlin or Munich. This is unfortunate. It is the opinion of the undersigned that effective Alumni member must be based upon rapport and friendships built up over a

period of time, involving several social contacts at the very least. Also, it would be especially necessary to obtain sufficient ~~information~~ ^{coordination, etc)} to permit NTR's and other checks before real assessment could be achieved.

c. Any attempt to approach an Alumni member under shallow cover would almost certainly backfire, with probable embarrassment. Businessmen of any stature would readily penetrate and expose shallow cover.

d. Use of recruited Alumni members as Spotter/Assessors of denied area target personalities is feasible; however, I feel their use as shocktroops is too risky. Also, their use to make introductions, even in the base area, is risky and they probably wouldn't risk their jobs to do it.

2. ~~(c)~~ I feel that the best approach to cultivation of Alumni members would be to pass their names, addresses and all other available data to our field units, for those who reside in W/Germany, Italy, Austria, Belgium, Switzerland, ^{Denmark} (including France, England and Spain). Our field units could develop any further information discreetly available in the

Stelldichein der deutschen und ausländischen Industrie unter dem Funkturm, Stelldichein zur „Deutschen Industrieausstellung Berlin 1966“!

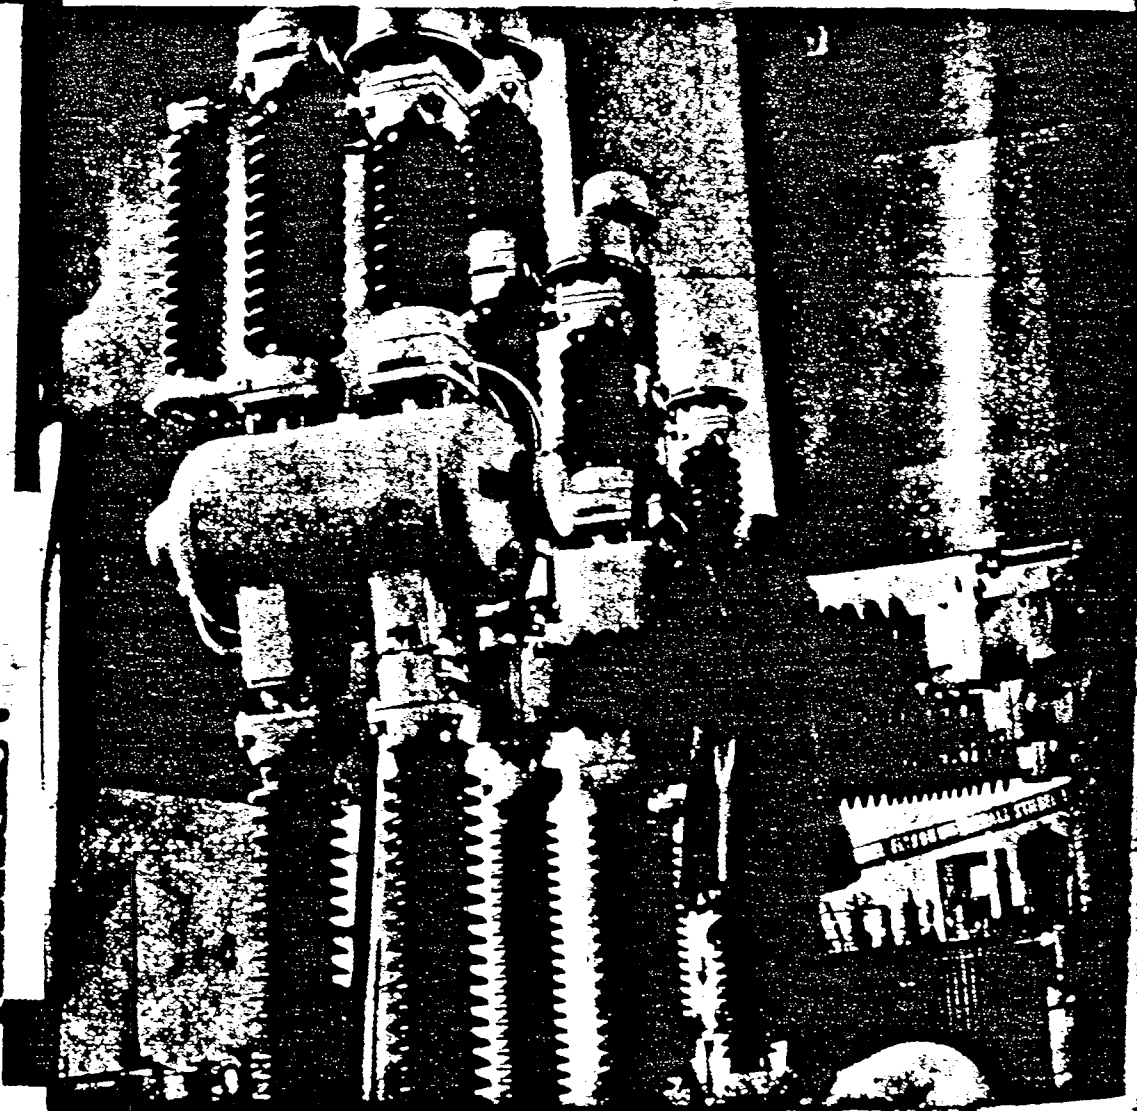

Zum 17. Male wird diese große Ausstellung nun veranstaltet, aber sie hat es verstanden, sich zu wandeln, sich der fortschreitenden industriellen Entwicklung anzupassen, von der sie auch diesmal wieder bereites Zeugnis ablegt. Schon das äußere Bild ist anders als in den Vorjahren. Zwar sind alle von jeher vertretenen Industriezweige — Elektrotechnik, Eisen und Stahl, Draht, Kupfer, Aluminium, Chemie, Möbel, Porzellan, Glas und Keramik, Nähmaschinen, Büromaschinen, Gas und Wasser, Eisen-, Blech- und Metallwaren, Maschinenbau, Kohle und Ölfeuerung — wieder dabei, aber ihre Stände erhalten einen „neuen“ Rahmen, der sich zweifellos belebend auch auf die Gestaltung der einzelnen Ausstellungsbeiträge auswirken wird.

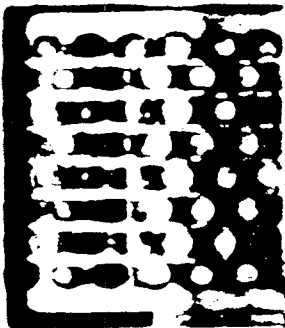

Außerdem kann die diesjährige Industrieausstellung mit einem kräftigen Publikums-magneten aufwarten: die deutsche Automobilindustrie ist wieder mit einer repräsentativen Schau beteiligt. Eine eigene Ausstellung steht in diesem Jahr nicht auf dem Programm dieses bedeutenden Industriezweiges, und so ist es beschlossene Sache, daß sich die deutschen Automobilwerke in der größten Halle des Berliner Ausstellungsgeländes einfinden.

Nicht nur die Hallenaufteilung hat sich gegenüber der letzten Industrieausstellung geändert, nicht nur die Zahl der beteiligten Branchen und ausstellenden Firmen hat zugenommen, auch die Ausstellungsfläche selbst ist umfangreicher geworden. 18 Hallen und 12 Pavillons mit insgesamt 63 887 qm Fläche sind jetzt neben dem 125 000 qm großen Freigelände am Funkturm verfügbar. Der begrüßenswerte Zuwachs ergibt sich aus einem Neubau zwischen den Hallen P (Thüringen) und R (Sachsen), in dem die Sonderschau „Partner des Fortschritts“ untergebracht ist, die seit 1962 zum festen Bestandteil der Deutschen Industrieausstellung wurde.

Der Hinweis auf die Teilnahme des Auslands, auf Belgien, Großbritannien, Italien, Kanada, Österreich und die USA, erübrigt sich beinahe — selbstverständlich werden diese Länder, wie auch der Iran und nach mehrjähriger Pause Frankreich wieder, in ihren Pavillons rund um den „Platz der Nationen“ erneut instructive Gemeinschaftsschauen zeigen. Auch die Werbegemeinschaft Lüneburger Heide gehört zu den traditionellen Ausstellern in ihrem betriebseigenen Pavillon.

Nur zehn Tage dauert in diesem Jahr die Deutsche Industrieausstellung, doch lange genug, um Fachleuten aller Wirtschaftszweige Gelegenheit zu geben, sich über Leistungsstand und Neuerungen auf industriellem Gebiet zu unterrichten. Aber auch der „Normalverbraucher“ wird sich schon jetzt den Termin der Deutschen Industrieausstellung Berlin im Kalender anstreichen: 16. bis 25. September 1966.
